## ROLL OF HONOR DAHLIAS

The Dahlias whose names are underscored in this catalog have achieved places on the Dahlia Roll of Honor compiled yearly by Mr. Derrill W. Hart and printed in the December issue of The American Home Magazine. Mr. Hart judges at most of the large Eastern Dahlia Shows and his annual Roll of Honor is considered the most dependable guide for buyers who want only the very best varieties.

### QUALITY OF SAN FRANCISCO GROWN DAHLIA TUBERS

Orders will be filled from the increase of tubers planted before the first of April. The absence of frost in San Francisco permitted the plants to continue their growth to complete maturity. This more than seven months' active growth makes it possible for the growing plant to fill the tubers with energy and vitality for next season's growth.

As President of The Dahlia Society of California, I do not compete at our shows and am not tempted to fertilize heavily to force the size of blooms. The tubers you receive from me are not only fully developed — they are also full of vigor as none was used up in forcing for competitive show purposes. I do not sell seeds.

### JOIN THE AMERICAN DAHLIA SOCIETY

As Vice-President of The American Dahlia Society, I extend to you a cordial invitation to become a member of the Society. Send your check for \$2.00 annual dues to Mr. William Rathgeber, Secretary, 198 Norton Street, New Haven, Connecticut.

**REPLACEMENTS** Each tuber and plant when shipped is in first-class growing condition. On arrival if examination reveals that stock has been damaged in transit or if there is any other reason to doubt that it will grow, please advise me at once, returning the stock, and if not too late in the season it will be replaced gladly. If unable to make replacement, check to reimburse you will be sent immediately.

**TERMS** Cash with order. No exceptions to this rule. Shipment after the first of April—Canadian orders will be filled earlier if desired, but tubers shipped before April first are not guaranteed against loss by freezing. Transportation prepaid by Parcel Post, insured.

**FREE TUBERS** I follow the practice of most growers and include with all retail orders an extra tuber of some good variety selected from my current catalog.

**WHOLESALE DISCOUNT** A discount will be given to commercial growers who write their orders upon their printed letterheads. Orders amounting to less than \$30 will receive a discount of 25 per cent. Orders amounting to \$30 or more will receive a discount of 33 $\frac{1}{3}$  per cent. Exception: Plants of Bagdad and the English "Charms" Dahlias are net.

**WHEN TO ORDER** All the Dahlias listed in this catalog are of recent origin and the stock of them is limited. The time for you to place your order is immediately upon the receipt of your copy of this catalog. The high quality of my stock is widely known and so much in demand that every year I have to disappoint many who neglect to place their orders early.

Cordially,

November 15, 1929.

**BAGDAD**  
**1930 INTRODUCTION**

(On Derrill W. Hart's Eastern 1929 Dahlia Roll of Honor.)  
(Also on Warwick S. Carpenter's Pacific Coast 1929 Dahlia Roll of Honor.)

## BAGDAD

Mr. Hart states:

### "BAGDAD (Redfern) Decorative

"A flaming, scarlet-red at last

"And never in any Dahlia have we seen such vivid color.

"It is a brighter, more beautiful flower than Paul Revere

"And in addition a tall sturdy grower with ideal blooming habits.

"Bagdad came by its good qualities naturally  
"as it is a son of Barbara Redfern.

"Laughs at the sunshine, without worrying about fading.

"With so many good new reds there ought to  
"be some hot competition next year.

"Look out for this one!"

To Mr. Hart's glowing description of this marvelous Dahlia but one item is added: The blooms of **Bagdad** are immense. It is a prolific bloomer. A word picture can give you but the faintest idea of the gorgeous Oriental splendor of Bagdad's enormous blooms. Their beauty will amaze you. On their long strong stems, held high above the bush, their dazzling radiance will dominate your whole garden—at show time they will be right there to deliver the goods. Mr. Hart says, "Look out for this one!" It is suggested that you let the other fellow do the looking out—that you play safe and grow it. The demand will be greater than the supply. Send in your order today and avoid disappointment.

## **YOSEMITIE**

YOSEMITIE is a true type of hybrid cactus. Very large flowers amaranth pink in color, grown on very long strong stems. One of the most artistic flowers in the garden and a prolific bloomer. In San Francisco hybrid cactus varieties have a tendency to show open centers very early in the season. YOSEMITIE is a striking exception. As this is written, November 15th, the bushes are still full of closed-center flowers.

Strong field grown tubers, April first delivery. TEN DOLLARS.

On account of very limited stock it has been decided to withhold JENNY LIND, an enormous La France pink decorative, for introduction in 1931.

## BARBARA REDFERN

An immense rosy gold decorative Dahlia. Tuber, \$3.50.

This, one of the world's finest Dahlias, was on both the 1927 and 1928 Dahlia Rolls of Honor. Mr. Hart has now bestowed additional honor by advancing **Barbara Redfern** to a place on his very select list of 32 Standard Varieties that continue to hold their own with the fine new introductions of the last two seasons.

From everywhere come glowing reports of its wonderful performance as a garden flower, exhibition variety, and florists' cut-flower. For cut-flower purposes it is a money-maker on account of its fine keeping qualities and its prolific blooming habit. Twelve-inch flowers are the rule rather than the exception.

The face of this mammoth flower is a glistening old gold in color; reverse of the petals a delicate old rose. Under artificial light its colors are particularly brilliant. Both colors show at the same time and produce a decorative effect of great warmth and richness.

## "CHARMS" DAHLIAS FROM ENGLAND

Miniature Decorative and Peony Types.

The unfilled orders from last season will be filled first. The 1930 orders will be filled in the order of their receipt. The stock is still limited. The price: \$2.00 a tuber, NET.

Grow these Miniature Dahlias as you do Pompons. Do not disbud them. The colorings are so bright and unusual in their combinations that they defy accurate description; the originator's descriptions are used.

Angelina	Coppery-orange-flame, with crimson base.
Aureola	Golden-apricot. Withdrawn to increase stock.
Agalia	Orange-fawn; overlaid salmon. This variety has proved very popular in the United States.
Chameleon	Ground color orange-gold; suffused violet.
Chrissie	Soft rose-pink self.
Charmer	Orange-chestnut, lightening to orange-salmon.
Crimson Glow	Intense rich deep crimson. A great favorite.
Dazzle	Dazzling scarlet.
Electron	Ground color yellow, suffused vivid orange.
Elma D. Cook	Finest clear yellow.
Fairy	Fawn; suffused pink; tipped white. (Withdrawn to increase stock.)
Glory	Rosy fawn heavily suffused crimson; large flowers.
Helen	A glorious pink; quite distinct.
Lady Mary Hope	Amber and orange.
Lovely	Bright rose-pink.
Lucina	Apricot-buff, changing to reddish-salmon.
Mac	Yellow suffused salmon; deepening to salmon rose.
Mrs. Skevington	Amaranth-pink on orange, base shaded orange.
Mary	Deep maroon, almost black.
Norah Bell	Scarlet-flame on yellow base.
Pink Pearl	A lovely pink. Very popular everywhere grown.
Radium	One of the finest; crimson-scarlet on golden yellow base. Large flower.
Sweet	A lovely shade of pink with crimson zone.
Mrs. Hecht	An American Charms type, each petal striped old gold and deep crimson.

### POMPON DAHLIAS

Space does not permit listing the many fine varieties of Pompon Dahlias I grow. Twelve separate varieties retailing at 50 cents or more for \$5.00; my selection.
